

October 13, 2006 Update

U.S. 101 Widening Project, Santa Rosa

Speed Reduction

The speed limit in the U.S. 101 construction zone has been reduced to **55 miles per hour**. Remember, **“Slow for the Cone Zone.”** For more information please go to www.dot.ca.gov/dist4/son101/.

Overnight Closures

- **Steele Lane** will be closed for night bridge work Tuesday, October 17 through Friday, October 20. This work will most likely take place from 9pm to 6am.
- **College Avenue** will be closed for bridge lowering over the roadway sometime in early November. The work is scheduled to take place between 9pm and 6am.

Median Work

- Center lanes in both the northbound and southbound directions of U.S. 101 will be closed the week of October 15 at night for median work. The work area extends from State Route 12 to Steele Lane. Motorists are advised to drive with care, especially as large trucks are entering and exiting the work zone via the closed lanes. The California Highway Patrol will assist with these operations.

Openings and Closings

- Morgan Street will be closed at the Fourth Street Viaduct on Monday, October 16 during the day as crews pour concrete at the viaduct.
- Caltrans will reopen Third Street sometime at the end of October, with Fifth and Ninth Streets closing at the same time. More precise dates will be released as construction progresses and dates can be finalized. Work is on schedule.
- The Third Street offramp is scheduled to open around the end of October. Again, more details will be released as they become available. Work is on schedule.
- The Prince Memorial Greenway is scheduled to reopen around Thanksgiving.

Other Area Work

- Paving work, unrelated to the widening project continues with work extending from Cotati to Healdsburg. There will be no paving work in the widening project work area. This work is to repair damaged roadway only.

Thank you, Santa Rosa, for your patience and support!
